

Overview of the Methods: corpus screen, the two boundaries, the prospective test
The corpus screened Dynamic range, and the two boundaries it sets

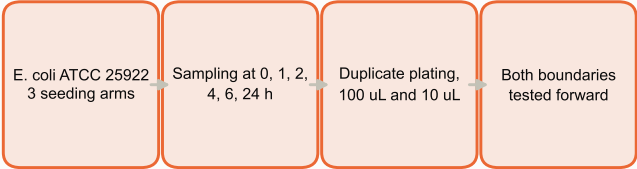

The five deposits analysed

Dubey 2026
Kaur 2024
Windels 2024
van Wijk 2023
Vijay 2024

The prospective experiment

Blue: the two boundaries derived from definitions alone. Orange: the corpus screen and the prospective test of both boundaries outside *M. tuberculosis*. Aqua: headroom, the quantity both boundaries are built from. Deposit labels read from manuscript/references.json.
